GATEWAY TO THE WORLD OF CHANGE

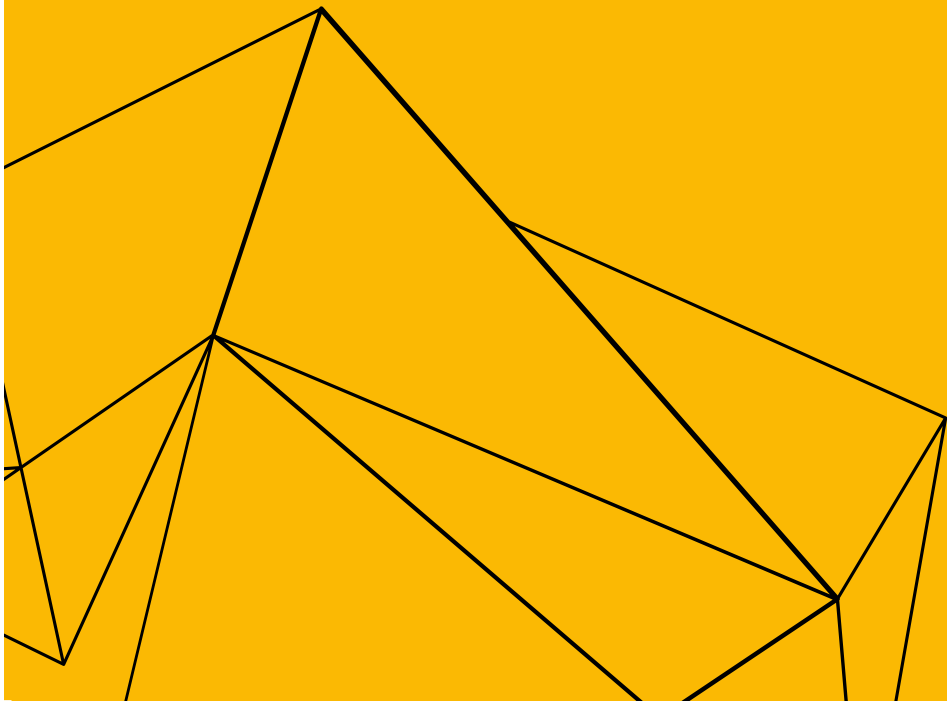

The background features a series of overlapping, irregular geometric shapes formed by thin lines. Some lines are orange, while others are black. These lines create a complex, abstract pattern that resembles a stylized architectural structure or a network of connections. The lines are primarily concentrated on the left side of the page, with some extending towards the center.

A young couple with red and brown hair, both smiling, are standing in a bright, modern home. The woman is leaning against a white door with a silver handle, and the man is standing behind her with his hand on her shoulder. They are both wearing white long-sleeved shirts. The background shows a blurred dining table and chairs, suggesting a clean and contemporary living space.
